Phone number:

## **Consultation questions**

Are you:: a health provider/medical practitioner, or representative organisation

If someone else, please  
specify:

Please outline your  
feedback here:

I cannot understand why Occupational Therapists are not included as approved SIRA allied health providers. As a hand therapist the Australian hand therapy association recognises that either an Occupational or physiotherapist can be an accredited hand therapist as per there award. Therefore as per your proposal hand therapists whose background is as a physiotherapist can provide services and be approved SIRA but

Occupational Therapists cannot even though our own professional body has accredited as both as Hand therapists. Can this be explained?

You can attach your  
feedback as a separate attachment: No file uploaded
