Subject: Suggested change.

Dear Sir,

I note that in the correspondence it is suggested SIRA may need to revise the motor accidents legislation. If so, this gives you the opportunity to correct what I believe to be the most illogical anomaly of all.

Currently Worker's Compensation patients are assessed under AMA5, but Third Party patients are assessed under AMA4. Surely this should be simplified, such that all patients be assessed under AMA5.

I humbly make this suggestion. I believe it will result in greater consistency of report outcomes for claimants.

Regards,

Dr Simon Kinny
