Phone number:

Consultation questions

Are you:: a health provider/medical practitioner, or representative organisation

If someone else, please specify:

Please outline your feedback here:

All points seem reasonable to maintain quality and control of providers in the event of misconduct. A point of clarification may be for the three year period of approval. A consideration may be to introduce an advanced personal injury course prior to the extension date, this would ensure ongoing education and more advanced training after a three year period which should increase quality of providers within compensable rehabilitation long-term. Successful completion of this could extend the SIRA provider number ongoing.

You can attach your
feedback as a separate No file uploaded
