Dear Health Policy and Supervision team

Thank you for the opportunity to provide feedback on the draft State Insurance and Care Governance Amendment Regulation 2022.

Please find feedback from the Australian Society of Medical Imaging and Radiation Therapy (ASMIRT):

We have reviewed the Summary document and do not feel that it applies to Medical Radiation Practitioners (MRPs) as this group of practitioners do not have the ability to 'bill' as healthcare providers; only the radiologist does.

We do however have one query regarding whether Ultrasound/MR services are covered under Medical Radiation services as they do not appear to be separately listed.

ASMIRT agrees to this draft regulation in principle.

Regards

Min

Subject: Consultation on health service provider regulation

Good afternoon

SIRA is seeking feedback on a draft regulation regarding health services in the NSW workers compensation and compulsory third party schemes.

The draft regulation supports recent legislation that empowers SIRA to issue directions to health service providers to supply claim-related information, and to take specified action, including to not provide services. The regulations specify the types of health services covered by the powers, and the circumstances in which they will be exercised.

Public consultation on the draft State Insurance and Care Governance Amendment Regulation 2022 will be open from 26 September to 23 October.

Please visit <https://www.sira.nsw.gov.au/consultations/draft-state-insurance-care-governance-amendment-regulation-2022> for a copy of the draft regulation and more information about its provisions. You can make a written submission via the webform or submit a PDF or Word document. Options for email and post will be available.

In the meantime, if you have any questions, please contact SIRA at healthpolicyandsupervision@sira.nsw.gov.au

Regards

David
